

10/574,907

Session Began December 20, 2011 at 09:53 AM

Task Began December 20, 2011 10:08 AM

Explore references by research topic: film catalyst and honeycomb and resin

**Candidates Selected (ID 1)**

16 references were found containing all of the concepts "film catalyst", "honeycomb" and "resin".

*Answer Type:*      *Answers*

*Result Count:*      *16*

**Detailed display**

From ID:      1

Type:      Catalytic converter for purification of exhaust gas.

**Detailed display**

Type:      Manufacture of catalytic converters for automotive exhaust gas treatment

**Detailed display**

Type:      Metallic honeycomb supports for catalytic converters in exhaust gas treatment

**Detailed display**

Type:      Adhesive sheets for honeycomb structure composites

**Detailed display**

Type:      Bonding film containing polytetramethyleneoxide elastomeric segments and polyepoxide

**Detailed display**

Type:      Bonding ceramic bodies with crystallized glass and a foaming agent

**Detailed display**

Type:      Small thin honeycomb structures of sintered ceramic materials

Task Began December 20, 2011 10:17 AM

Explore references by research topic: film catalyst and copper and resin

Task Began December 20, 2011 10:17 AM

Explore references by research topic: film catalyst and copper and resin

**Candidates Selected (ID 2)**

351 references were found containing all of the concepts "film catalyst", "copper" and "resin".

*Answer Type:* Answers

*Result Count:* 351

**Refine by research topic (ID 3)**

Research Topic: tertiary amine

From ID: 2

*Answer Type:* Answers

*Result Count:* 5

**Detailed display**

From ID: 3

Type: Production of tertiary amine from alcohol and primary or secondary amine using film-like catalyst from metal oxide powder in binder

**Detailed display**

Type: Methods and systems for preparing antimicrobial films and coatings comprising bridged polycyclic compounds

**Detailed display**

Type: Compositions of polyisocyanates and modified polyether phenol resins, hardened in the presence of a tertiary amine

**Detailed display**

Type: Plastic laminates

Task Began December 20, 2011 10:39 AM

Explore references by author name: nishimura, toru

**Candidates Selected (ID 4)**
